Enrico Event

The CMG Canada Board of Directors is pleased to offer you a very special "add on" event. We are securing final arrangements with Peter Enrico of ESP Strategies for a seminar on July 7th 2015.

The format would be two presentations by Peter Enrico in the morning followed by an afternoon workshop analysing your installation’s data with his reporting and z/OS health check tool Pivotor®. Pivotor® is a state of the art web (and cloud) based data reporting and data mining solution that allows users to concentrate on benefiting and learning from the data while spending less time working to code SQL, maintaining or coding SAS, data summarization, or the actual reporting of the data.

Peter as many of you know is a much sought after expert in all aspects of Mainframe Performance. He is a frequent speaker at SHARE technical Conference as well as other mainframe relevant conferences. His website http://www.epstrategies.com/sitex/index.php quotes his team’s expertise as follows:

"Peter Enrico and his team have strong and diverse experience with the IBM zArchitecture platform, and solid backgrounds in performance measurement, analysis, and capacity planning of z/OS, Workload Manager, Parallel Sysplex, UNIX System Services, J2EE Application Architecture, WAS, WMQ, CICS, DB2, and much more."

Come and experience this from an expert! Unique experience? ... We think so! Best of all, the cost is free for current CMG Canada members (paid for 2014/15 year). If you are not a current member, then simply pay the individual membership fee of $100 and not only will it get you this special event, but also membership for the upcoming 2015/16 year. The CMG Canada membership year runs from September 1st to August 31st of the next year.

We are asking that you RSVP and pay (if yes) by June 22nd 2015 as there are some facilities and other costly arrangements to be made.

Membership Benefits
CMG Canada provides three seminars per year (usually Oct, Feb, April) as follows:
- October – Full day seminar (4-5 speakers/topics).
- February – Full day seminar (4-5 speakers/topics).
- April – Two full days featuring 9 -10 speakers/topics in total.
NOTE: The cost is $100 Canadian for an individual membership; this also includes a nice continental breakfast on each seminar day as well as a networking cocktail reception after day 1 of the April event.

Methods of Payment

1) **Interac E-mail Money Transfer** (in Canada Only) to the CMG Canada Treasurer (email ID: gabe.gewurtz@gmail.com). This is our preferred method. An email receipt will be provided much quicker using this method. Also, when using this method of payment, a separate email must be sent to the Treasurer (gabe.gewurtz@gmail.com) with an electronic attachment of the completed membership form. Get form at http://regions.cmg.org/regions/cacmg/membership/Membership_2015-2016.docx
   Note that a $1.50 fee may be applied by your financial institution depending on your banking plan.

2) **A cheque made out to “CMG Canada”** and mailed to “THE TREASURER” along with a completed membership form - available at http://regions.cmg.org/regions/cacmg/membership/Membership_2015-2016.pdf
